gitive Spaniards and at the ford in the river killed many more. Others were drowned on account of the panic among the soldiers when they reached the banks of the Buey.

LABOR COUNCIL MEETS.

Listens to Commissioner Fitzgerald's Report on Hawaii.

The San Francisco Labor Council, at its meeting last evening, listened to the report of the Executive Committee on the result of its conference with Labor Commissioner Fitzgerald, on Thursday, says the Chronicle of May 29. The conference was held for the purpose of considering the proposed plan of the Labor Commissioner looking to the emigration of Americans as laborers for the Hawaiian sugar plantations, and as a result of the conference the committee decided to warn all workmen against accepting the invitation of the Hawaiian planters. The reasons given for this course are that the laws of the country are antagonistic to the interest of white labor. The wages offered are somewhat in advance of the pay received by the Japanese and Chinese coolies, who now work the plantations, but until the contract labor and penal labor laws are amended or annulled it is regarded by the committee as extremely dangerous for American laborers to place themselves in the power of the planters. A committee was appointed to confer with a similar committee from the San Francisco Association of Improvement Clubs on June 21 on the matter of arranging a mass meeting to urge upon the supervisors the adoption of some measure looking to the purchase of water works by the city.

Another committee was appointed to co-operate with the American Railway Union in preparing a plea to the Governor in behalf of S. D. Worden, who, in the absence of any interference from the Chief Executive, will be executed on June 4th.

SUGAR AFFAIRS IN EUROPE.

Beet Growers Reported to Be Facing a Serious Crisis.

WASHINGTON, May 19.—The beet sugar industry in Europe is again facing a crisis in spite of the various ingenious and complex legislative remedies that have been applied. From several of the United States Consular officers—Mann at Frankfurt, Muth at Madgeburg and Morris at Ghent—reports have come to the State Department describing the evil conditions that exist in the sugar industry. Consul Muth says the last sugar law of May 15, 1896, has been disastrous in its effects. Prices have declined even in the face of a largely increased demand from the United States. Consul Mann says the law has actually increased the beet acreage, which was already at its extreme point of safe expansion. Consul Morris transmits a copy of a most urgent and desperate plea for help from the Belgian sugar-makers.

TARIFF BILL DISCUSSION.

Senate Disposes of Ten Pages of the Bill.

WASHINGTON, May 27.—The Senate made good progress on the tariff bill today, disposing of about 10 pages. Several votes were taken, the Finance Committee being sustained in each case by majorities varying from 6 to 15. The drug schedule was under discussion and the debate was largely technical. Occasionally, however, it branched off to general phases of the tariff, although at no time during the day was there a speech of more than five minutes' duration. Before taking up the tariff bill the final conference report on the sundry civil bill was agreed to, including the provision suspending the March 1st next the executive order creating extensive forest reservations.

Turkey Must Halt.

BERLIN, May 27.—According to a dispatch to the Frankfort Zeitung from Constantinople, Count Muraviev, the Russian Foreign Minister, told the Turkish Ambassador at St. Petersburg that Turkey must renounce her impossible claim to annex Thessaly. He added that in his opinion that the claim had only been advanced to prolong the negotiations, or as a pretext for renewing the war, which Europe would on no account permit. This statement so impressed the Sultan that he has been making special efforts to restore friendly relations with England, and to this end ordered the whole palace entourage to attend the garden party given at the English Embassy in honor of the Queen's birthday.

TURKEY OBJECTS TO ANGELL.

Newly Appointed U. S. Minister in Too Close Touch.

WASHINGTON, May 28.—The Turkish Government has made formal objection to receiving Dr. Frank B. Angell of Michigan as Minister of the United States. The ground for the rejection cannot be definitely ascertained, but it is said that the Porte does not want a diplomatic representative of this country in close touch and sympathy with the Christian missionary element in the Sultan's possessions, and who strongly disapproves of the action of the Porte in the Armenian massacres.

New York Sugar-B Industry.

BINGHAMTON, N. Y., May 28.—Chas. A. Wieting, State Commissioner of Agriculture, was in the city yesterday to establish an experimental station here for the cultivation of beet sugar. The State has appropriated \$25,000 to stimulate the industry, and 10 per cent of this sum will be devoted to paying the cost of the experiments. Agriculturists are very much interested in the outcome. Experimental stations will be located at Binghamton, Buffalo, Brockport, Rochester, Syracuse, and other points.

Cabinet Crisis in Chile.

NEW YORK, May 28.—A special to the Herald from Valparaiso, Chile, via Galveston, Tex., says: Rumors are again current to the effect that a Cabinet crisis is at hand, owing to the difference between the Minister of the Interior and several members of the Government. An effort will be made by the President, according to a generally accredited report, to keep the Cabinet in office until the matter which caused the trouble can be settled in the Chamber of Deputies.

Disorder in the Commons.

LONDON, May 28.—John E. Redmond, Parnellite leader, was suspended in the House of Commons today, owing to his persisting in an irregular discussion of the financial relations between Great Britain and Ireland. John J. Clancy, William Field and William Redmond, for similar conduct, were removed by the Sergeant-at-arms.

Bayard Weary of Official Life.

BOSTON, Mass., May 28.—"I hope I will have no further official duties," said ex-Embassador Bayard in an interview this afternoon. His term of public life, he said, had been long and he had served his country at the expense of personal affairs.

ATHENS, May 27.—The Greek Government has sent a memorandum to the powers protesting against the indemnity demanded by Turkey, also against the proposed dethronement of the Greek frontier.
